Regulation [REDACTED]

1. Paragraph 3, of subject regulation requires all Certifying Officers to furnish and maintain bond in the amount of five thousand dollars (\$5,000).

25X1C4a

[REDACTED] In view of this security problem, it appears advisable to modify the regulation to require bonding of Certifying Officers only where security or operational considerations permit. Accordingly, it is requested that your office initiate an appropriate amendment of [REDACTED]. In this connection it is the recommendation of this office that paragraph 3 be amended to read as follows:

25X1A

"When security or operational considerations will permit, Certifying Officers will be required to furnish and maintain bond in the amount of five thousand dollars (\$5,000). Bond premiums will be paid by CIA under provisions of Public Law 110 (81st Congress)."
